D P L

DYNAMIC PULSE LIGHT (DPL) TREATMENT

PRE CARE
INSTRUCTIONS

FOR **MULTIPLE TREATMENT INDICATIONS:**
HAIR REMOVAL | VEIN REMOVAL | ACNE TREATMENTS
SKIN TIGHTENING | PHOTO FACIALS | PIGMENTATION REMOVAL

SHAVE THE TREATMENT AREA
- Shave the area 24 hours before your appointment.
- Do not wax, tweeze, use depilatory creams or pluck the hair for at least 4 weeks prior.

AVOID SUN EXPOSURE
- Stay out of direct sun and avoid tanning beds for at least 2–4 weeks before treatment.
- Use a broad-spectrum sunscreen SPF 30+ if the area may be exposed to the sun.

AVOID CERTAIN PRODUCTS
- Do not use self-tanners, bronzers, retinol, AHAs, BHAs or exfoliating products on the treatment area for at least 3–5 days before treatment.

REVIEW MEDICATIONS
- Inform your practitioner of all medications, supplements and topical products you are using, as some may increase skin sensitivity to light.

SKIN MUST BE HEALTHY
- Do not have treatment if you have active skin infections, cold sores, rashes, sunburn, irritation or open wounds in the treatment area.

PLAN AHEAD
- For acne, pigmentation or skin rejuvenation treatments, avoid chemical peels, microdermabrasion or other aggressive skin treatments for at least 2 weeks.
- Arrive with clean skin, free of lotions, oils, deodorant and makeup on the treatment area.

NOT SUITABLE DURING PREGNANCY OR BREASTFEEDING
- DPL treatments are not recommended if you are pregnant or breastfeeding.

LET US KNOW
- Please inform your practitioner of any recent medical procedures, changes to your health, or if you have a history of keloid scarring, photosensitivity or skin conditions.

POST CARE
INSTRUCTIONS

FOR **MULTIPLE TREATMENT INDICATIONS:**
HAIR REMOVAL | VEIN REMOVAL | ACNE TREATMENTS
SKIN TIGHTENING | PHOTO FACIALS | PIGMENTATION REMOVAL

FIRST 24–48 HOURS
- Keep the treated area clean and dry.
- Avoid hot showers, saunas, steam rooms, hot tubs and intense exercise.
- Do not apply lotions, oils, deodorant or makeup on the treated area for 24 hours.

KEEP THE SKIN COOL
- Apply a cool compress if needed to soothe the skin.
- Mild redness or warmth is normal and usually resolves within a few hours.

USE GENTLE SKINCARE
- Use a gentle, fragrance-free moisturizer such as aloe vera or a soothing lotion.
- Avoid products with retinol, AHAs, BHAs, exfoliants or active ingredients for 3–5 days.

AVOID SUN EXPOSURE
- Stay out of direct sunlight and avoid tanning beds for at least 2–4 weeks after treatment.
- Use a broad-spectrum SPF 30+ on all treated areas, even on cloudy days.

EXFOLIATION
- Avoid scrubbing, exfoliating or using harsh products for 3–5 days.
- Treated hair will gradually shed over 1–3 weeks (for hair removal).

EXPECTED RESULTS
- Multiple sessions are usually required for optimal results.
- Treated hair, pigmentation, acne lesions or vascular lesions may gradually improve over several weeks.

POSSIBLE SIDE EFFECTS
- Temporary redness, swelling, warmth or mild discomfort may occur and usually resolve quickly.
- Contact the clinic if you experience severe redness, blistering, unusual pain or any signs of infection.

HAVE QUESTIONS?
- If you have any concerns after your treatment, please contact our clinic.
